COMPANY PROFILE

"Our Motto"

Collaboration, Drive towards outcomes

ABOUT COMPANY

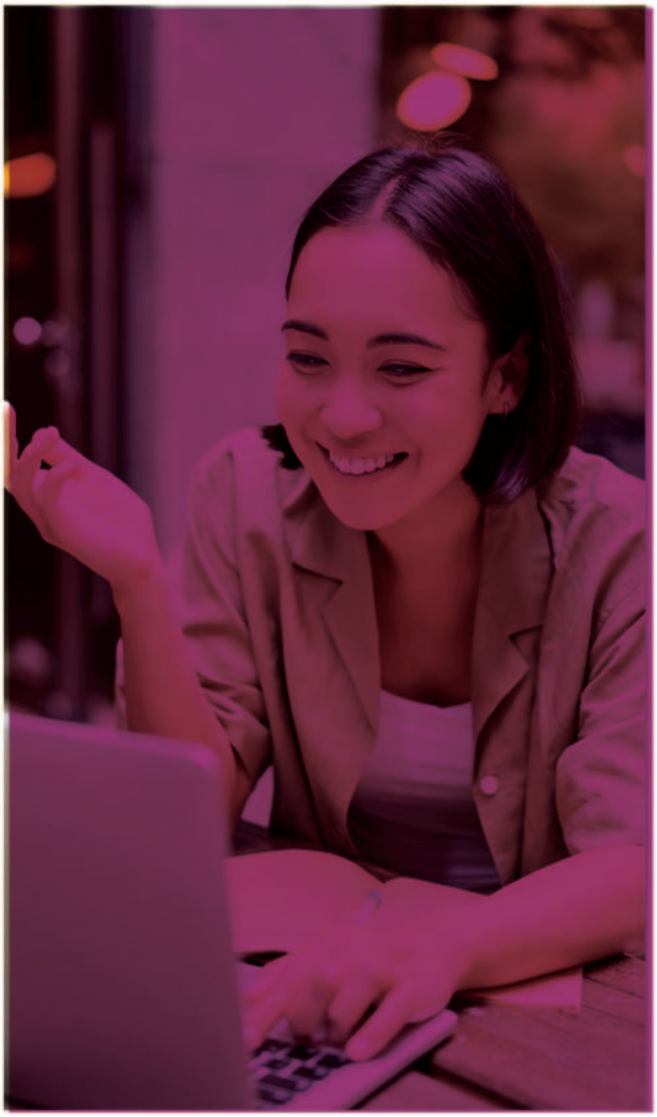

AmandaN Projects and PMO Services Pty (Ltd) is a proudly South African, Level 1 B-BBEE Project Management and IT Solutions Company, with special expertise in ICT Project Management and PMO Services, Software Development, Internet of Things (IOT), Artificial Intelligence, Machine Learning, Digital Marketing Solutions, and IT Support. Over the years, we have gained experience in various industries ranging. from Aviation, Mining, Research, Banking and Government. Our Value emanates from the collective expertise and experience of the team in delivering high value projects and solutions. We are focused on building innovative solutions that are responsive to customer requirements and Elevated Customer Experience.

OUR MISSION

To Digitally transform Organizations through provision of value-add IT solutions. To provide clients with excellent service and the best real time technological solutions.
To continuously improve our services through relevant partnerships and associations.

OUR CORE VALUES

- ***People***
- ***Integrity & Ethics***
- ***Excellence***

WHAT MAKES US DIFFERENT?

Diverse Digital Solutions:
We are not limited to only one technology offering, we provide digital solutions across 4IR technologies (IOT, AI, Robotics, Big Data, Cloud Computing)

We customize these solutions as per client specific requirements and release them to our respective clients

Projectized Business Model:
Allows us to work with different partners with many capabilities. This is key to our scaling.

Our professional project and Change Management Capabilities enable us to implement these solutions, creating business efficiencies and facilitating technology adoption

VALUE PROPOSITION

AmandaN Projects and PMO Services has become one of the most respected full-service IT companies because at the core of our service offering, we have a passion and a drive to fulfill our mandate of providing the best real-time solutions for our clients. Our solutions range from Web Applications, Internet of Things (IOT) Solutions, Artificial Intelligence, Master Data Management (Big Data), Robotics, ICT Project Management, Change Management, and IT Support.

Briefly, as a digital services provider, we aim to become your digital transformation partner, partnering with you to ensure that your business has the safest, most efficient systems available and managing the project implementation of those systems.

We will offer you the best digital solutions with comprehensive IT support, so you can focus on growing your business to its full potential.
